

Leather Care

Introduction

As the popularity of leather use in automotive interiors grows worldwide, so does the need for a product to take care of such a specialised surface. To address this growing need more directly, Armor All® have developed Armor All® Leather Care.

Using Armor All® Leather Care - Features & Benefits

Product

Armor All® Leather Care is a rich and moisturizing gel. It allows even, mess free application, with a unique formula with special UV blockers. Armor All® Leather Care provides three ways to care for your leather all at once!

- Cleaning agents restore leather to its original, natural look.
- Unique conditioners keep leather looking rich and enhance its natural beauty
- It creates a barrier to protect from spills and stains.

Features & Benefits

- Cleans to original natural finish
- Conditions and moisturises to keep leather looking good
- Preserves the supple feel and natural lustre of leather in one easy step
- Protects against spills and stains
- No-mess application
- Recommended for luggage, briefcases, furniture & handbags

Directions:

1. Shake well before use.
2. Unscrew cap and remove foil seal before dispensing.
3. Squeeze directly onto surface or clean cloth.
4. Spread evenly over surface.
5. Use a dry cloth to absorb any excess moisture.

For Best Results:

Apply a 10 pence sized amount to seat treats approximately 20 seats.
