## BAREBONES COWBOY FIRE PIT GRILL SYSTEM 30"

ref : CKW-450

Meet your outdoor cooking match. When you're ready to update your grilling system, the Barebones solid steel Cowboy Fire Grill System is the absolute go-to. Designed with direct input from Barebones open fire chef partners, this modular design allows for multi-use as fire pit, open fire grilling, and cooking station. Adjustable grill grate gives you choice for the source and distant of heat, creating perfect cooking conditions every time. Overhead tool storage and hanger bar is an organizers dream with additional side table and grill grate available for purchase. Fire it up, cook, and feast just about anywhere, and when you're done, break it down for storage. There's no limit to what this grill system can do.
