Car chargers you can rely on.

2-Port car charger 3.4A + Lightning cable : No matter where your next adventure takes you, this car charger will always be with you on the road to ensure your devices are fully charged.

With fast charging capabilities up to 3.4A, the Lifetime Warranty car charger is engineered for charging your smartphones and tablets safely at high speed.

The 2 ports featuring the Smart IC technology allow fuelling up two devices simultaneously with just the right amount of power needed. This charger is made from premium polycarbonate and fiberglass, both highly resilient materials to ensure maximum durability and drop resistance up to 2m. It comes with a matching Lifetime Warranty cable, built to withstand a tension of 50kg and thousands of twists. Data : Smart IC / 3.4A / 2 ports / Lightning cable included
