Classic Work Gloves

Make quick, painless work of prickly plants, rough soil, and dry bark, and grasp wooden tool handles with ease. Barebones re-creation of the classic work glove means maximum comfort, outdoor versatility, and quality protection. Keystone thumb stitch improves dexterity while shirred elastic back keeps gloves in place. Premium grain cowhide is soft, warm, and breathable.

**Handmade in Pakistan by Pakistani women in their homes.*

FEATURES

- Designed Specifically For Outdoor Use
- Self-Hemmed
