

BAREBONES

BAREBONES HORI HORI CLASSIC W/ SHEATH

ref : GDN-079

Originally designed to mimic the popular Japanese Garden Knife. This hearty multi-purpose tool is built for versatility. Use it in your backyard, camping, bush-crafting, or anywhere you need it. Pound in tent stakes with the flat pommel base. Measure planting depth with the handy inch marks. Saw a branch or whittle kindling with the rust-resistant doubled edge. Smooth and durable walnut seamlessly fit with the heat-tempered 6 ¾" pointed blade for a tool that just feels good in your hand. This elevated version of the hori hori has the option of an added durable 900D polyester sheath with reinforced lining. Clip it to your belt for easy access on any adventure.

2 jaren garantie
