

SKU: HMS-2103

Felling Axe

Inspired by iconic 19th-century forestry felling axes and built to deliver that perfect powerful swing. Lightweight 1055 carbon steel head and hand-sharpened 3.75" blade come together for smooth cutting precision. Designed to be super versatile, this premium axe does it all: clear limbs and brush, fell trees, drive a wedge, and process firewood. Durable 23.5" curved hickory handle is well-balanced, smooth, and comfortable in hand. Easily carry this axe from the backyard to the backcountry. Truly a high-quality tool that does the job that is required.
