Battery Replacement

BAREBONES

PRODUCT COMPONENTS

A
Forest
Lantern

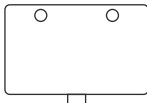

Bottom View

Coils

B
Screws
(x2)

C
Battery
Cover

D
Li-ion Battery
2-18650

REMOVING THE BATTERY

1. Place Forest Lantern **A** on side so the base of the lantern is accessible.

Note: *Place lantern on a clean, soft surface to prevent scratching.*

2. Using a Phillips-head screwdriver, remove the screws **B** from the battery cover **C**.
3. Remove the battery cover **C**.
4. Remove the Li-ion battery **D**.

REPLACING THE BATTERY

1. Insert the Barebones specific Li-ion battery **D** into place with the exposed metal connecting to coils.

Note: *Do not remove battery wrap. Doing so will ruin the battery.*

2. Test the battery connection by turning on the Forest Lantern **A**.
3. Place the battery cover **C** into position.
4. Secure battery cover **C** with screws **B**.

Note: *Do not overtighten. Overtightening can damage the battery plate or strip the screws.*
