

# VINTAGE FLASHLIGHT

## *User Guide*

BAREBONES

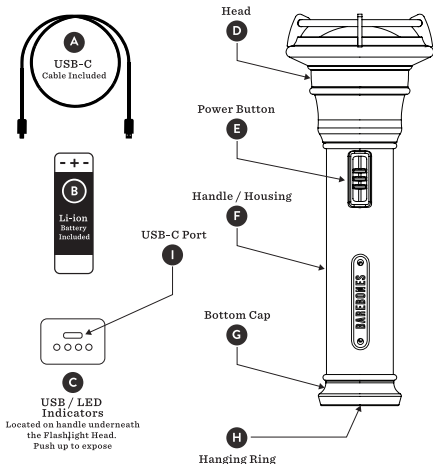

### QUICK USE

**Be sure to install the battery before use!**

1. Twist the bottom cap **G** counter clockwise to expose the battery slot inside the handle.
2. Insert the included Li-ion battery **B** into the base of the flashlight.
3. Twist the bottom cap clockwise to tighten and secure the battery.
4. Pull the head **D** of the flashlight up to expose battery life indicator. The battery should indicate full charge. If otherwise charge via the supplied USB-C Cable.

## KEY PRODUCT FEATURES

**The compact, rechargeable, Vintage Flashlight is the perfect utility, everyday & do anything flashlight.**

## OPERATING INSTRUCTIONS

### On/OFF

The Vintage Flashlight power button is located on the handle housing **F**. To power on simply depress the power button.

Pull the head **D** of the flashlight up to widen or focus the beam.

Collapse Flashlight Head  
Wide Beam Focus

Extend Flashlight Head  
Narrow Beam Focus

## OPERATING INSTRUCTIONS

### Using the USB

The USB-C port found the Vintage Flashlight is for charging only. To charge, push the flashlight head **D** out exposing the USB-C Port & LED status indicators. Plug the supplied USB-C cable **A** into the port with the other side plugged into your USB power source.

### Battery Use & Maintenance

Your flashlight is equipped with one 2200 mAh 3.7v, Li-ion Battery. **B**

Replace your battery by unscrewing the bottom cap **G**, removing the old battery and inserting the new battery.

You may purchase a replacement Lithium ion Battery at [www.barebonesliving.com](http://www.barebonesliving.com)

**WARNING:** Only use Barebones Batteries in the flashlight. Different brands, size, capacity, or type may cause damage to the flashlight or the batteries being used.

## MAINTENANCE

**Do not disassemble the sealed head. Doing so can damage the flashlight and void the warranty.**

Please clean the lens of your flashlight periodically. We recommend the use of an alcohol soaked cotton swab for gentle cleaning.

During normal use, we recommend charging your flashlight at least every 3 months to maintain the longevity of the Lithium ion battery. If the flashlight will not be used for extended periods, we recommend removing the battery for storage.

## WARNING

The Vintage Flashlight is a high-intensity lighting device. Avoid shining the light directly into eyes. This product is not intended for use by children.

## PRODUCT WARRANTY

This product comes with a 1 year warranty
